WORK EXPERIENCE

GOOGLE | Software Engineer
May 2017 – July 2019 | New York City, NY
Last performance rating: Superb (top 4.3% of engineers)
Promotion from L3 to L4: October 2018

- Worked on the Google Cloud Console UIs of various Google Cloud Platform products
- Led the development of an upcoming new product UI: coordinated the work of 7 engineers across 2 time zones (Seoul and New York City) and facilitated cross-functional collaboration by organizing and leading teamwide meetings
- Built and launched the Alpha, Beta, and General Availability versions of the Cloud IoT Core UI and multiple features of the Cloud Pub/Sub UI
- Managed 2 Engineering Practicum interns, 1 SWE intern, and 1 Engineering Resident for periods of 3-4 months; led the launches of their projects; received outstanding feedback on my leadership, management, and mentorship
- Nominated to attend a special workshop for a select few engineers who show exceptional leadership potential

FULLSTACK ACADEMY | Guest Lecturer
September 2017 – June 2019 | New York City, NY

- Teaching an all-day class on algorithms & data structures and giving a talk on programming interview preparation every 7 weeks

ENTREPRENEURIAL EXPERIENCE

ALGOEXPERT | Co-founder & CEO
February 2017 – Present | New York City, NY
Current monthly revenue: $55,000/mo
Total sales to date: over 8,000

- Running and growing www.algoexpert.io, a website that helps Software Engineers prepare for coding interviews
- Conceptualized, built, and launched the website
- Designed and implemented the entire website UI
- Implemented multiple solutions to 77 algorithm interview questions in 2 languages; filmed and edited over 50 hours of educational videos teaching complex algorithms and interview questions
- Directing all product efforts: deciding what features are built, when they're prioritized, and how they're launched
- Leading all marketing and business relations efforts: managing Facebook, Google, LinkedIn, Reddit, and Quora ad campaigns, publishing blog posts and articles on external websites, and forming and maintaining partnerships with various bloggers, YouTubers, and executives at complementary companies
- Negotiated and closed a $40k/year licensing deal with Fullstack Academy coding bootcamp, whereby FSA buys a copy of AlgoExpert for each of its students
- Handling all customer support tickets
- Hired and mentored a Full Stack Engineer; assigning tasks, giving code reviews, and overseeing feature development
